

6th International Trauma Course Berlin

incl. Sawbone & CadLab Workshop

May 16 - 17, 2025

Dear Course Participants,

It is our great pleasure to welcome you to our 6th **aap** International Trauma Course in Berlin. During the course we will focus on the various osteosynthesis types that can be performed with the **LOGTEQ** Anatomical Plating System. The relevant surgical techniques will be explained during the first day, so that on the second day practical experiences can be shared on a well-grounded theoretical knowledge. Please join us for an exciting workshop with active discussions and efficient exchange of experiences.

▶ **Prof. Dr. med. Gabor Szalay**

Owner of the practice at the sports clinic and medical director of the sports clinic, Bad Nauheim

▶ **Dr. med. Ercan Sagnak**

Consultant at the Clinic of Trauma Surgery and Orthopedics, Diaconia Hospital, Hamburg

▶ **PD Dr. med. Clemens Kösters**

Specialist in Orthopaedics and Trauma Surgery, Specialist in Special Trauma Surgery, European specialist in traumatology (Fellow European Board of Surgery/FEBS Traumatology), Maria-Josef-Hospital Greven

▶ **PD Dr. med. Philipp Forkel.**

Specialist in orthopaedics and trauma surgery at the Westfälische Practice Clinic for Orthopaedics
